Hi {Name},

If you're ready to **massively change** your life, you've come to the right place!

Congratulations for taking this step! Change can be overwhelming, and I want you to know that you've got this!!

My name is Laura, I'm a 61-year-old grandmother, and when I used to think about retirement, I'd get stressed, my palms would literally get all sweaty, my heart would race, and I'd get a little queasy.

I made a **MISTAKE!** I didn't start saving for retirement soon enough! **THEN....**

I used a free online calculator to determine how much money I'd need in retirement. The answer was **MILLIONS** – it was incredibly depressing, frustrating and with this economy downright scary!

I realized I was going to need to supplement my retirement with some sort of income producing activity, but I wanted **time, location, and financial independence**. Frankly, I'm tired of working for someone else. I want **CONTROL** of my time, and I was looking for something that I would be able to do when and where I wanted.

After researching the internet for online business models that did **NOT require experience, being a tech genius or social media savviness**, I found affiliate marketing. [Click HERE](#) for the exact training I used.

I have been able to make **COMMISSIONS** by promoting other companies' products. All while working over 40-hour weeks in healthcare. I can work on my business **when and where I want**.

There are so many **benefits** to this business model, I created a **FREE eBook** that explains affiliate marketing in more detail. [CLICK HERE for YOUR Copy!](#)
