

Checklist 10: How To Make An Account On Kickstarter

Project Name: _____

Date: _____

- | | | <i>Yes</i> | <i>No</i> |
|---|---|--------------------------|--------------------------|
| | <i>Kickstarter is a website that we continually refer to as a platform where you can carry out your crowdfunding campaign. However, using this website for crowdfunding requires that you make an account on it first.</i> | | |
| 1 | On the top of the page, there will be a blue link that says Start. Click that and watch the video that it leads to as it will provide you with some basics required for using Kickstarter. | <input type="checkbox"/> | <input type="checkbox"/> |
| 2 | Then click the green Start your Project and press the Continue button to confirm that you meet all the eligibility criterion required for using the website. | <input type="checkbox"/> | <input type="checkbox"/> |
| 3 | Then set up your username and password. Remember to make the password tough! | <input type="checkbox"/> | <input type="checkbox"/> |
| 4 | You can even choose to use Kickstarter with Facebook Connect. This will save some time as there are fewer steps involved. However, it is recommended that you create a new Kickstarter account alone, and then share whatever you want on Facebook. If you use Facebook Connect, then everything you do on Kickstarter will be linked to your Facebook account. | <input type="checkbox"/> | <input type="checkbox"/> |
| 5 | If you are making a unique account on Kickstarter, they will then ask you to provide an email address with which you want to connect your account. If you use Facebook Connect, you'll have to put in your Facebook information. However, Kickstarter will tell you to set up a new password for Kickstarter alone and not use the Facebook password. | <input type="checkbox"/> | <input type="checkbox"/> |
| 6 | Then it is essential that you read the project guidelines. This is to make sure that you know your project fits Kickstarter's criteria. | <input type="checkbox"/> | <input type="checkbox"/> |
